Friday, September 9th is Fetal Alcohol Spectrum Disorder Awareness Day. (FASD)

Up to 30% of women drink alcohol during pregnancy.

Some of their babies might be born with Fetal Alcohol Syndrome.

Others might have Alcohol Related Neuro-developmental Disorder.

It's like playing Russian Roulette with your baby's health.

"If you're pregnant, don't drink. If you drink, don't get pregnant." - Eva Garner

"Every day is FASD Awareness day." - Teresa Kellerman www.babybornfree.com

PARENTS and CAREGIVERS

We are looking to start a discussion group with our parents/caregivers. Starting on Tuesday September 19th. We will meet over coffee/tea and discuss topics of interest such as positive discipline, picky eaters, electronics, internet usage and social media, potty training, biting, etc. We would love to hear some topics you are interested in! Come down to the Hub Tuesday mornings at 11:00 a.m. for some awesome conversation.

Please let us know if there is any interest in an evening group and what evening works for you.

ABC's of YOGA for Kids

Many people think Yoga is for adults only, Not True. Yoga for babes and toddlers stimulates muscles for future physical activity. It promotes gross motor muscles, stimulation and flexibility. This program is geared to babies under a year but is adaptable for Toddlers.

Register for our Wednesday classes!
